RETURN OF A DEATH.

ARTICLE III.—THE REGISTRATION OF DEATHS AND BIRTHS.

SECTION 8. BE IT FURTHER ORDAINED, That the health officer shall keep a book, to be entitled, "The Register of Deaths," in which he shall make a registration of all deaths occurring in the City, under such regulation as may be prescribed by the Board of Health. That he shall supervise all certificates of death, to see that they are properly made out; the form of the certificate and nomenclature of the disease to be such as may be prescribed by the Board of Health. That if the certificate is in proper form, he shall issue a permit authorizing the removal or burial of the body of the dead person; and without such permit no person who may die in the City of Mobile, shall be removed or buried by any sexton, undertaker, or other person, under such penalty as the Mayor may impose, not exceeding fifty dollars. That if the certificate of death is any way defective, he shall return it to the Physician signing the same, for correction; and any Physician failing or refusing to give such certificate in proper form, shall be liable to such penalty as the Mayor may impose, not exceeding fifty dollars. That in all cases of death in which no adequate certificate can be obtained from a Physician, the Health Officer shall investigate the circumstances and make out the certificate required, except in such cases as may require the intervention of the Coroner, when that Officer shall be duly notified. That no dead body of any diseased person shall be brought into the City of Mobile, from any other place, unless it is accompanied by a proper certificate of the cause of death, and if the death was caused by small-pox, yellow fever, or any other infectious or pestilential disease not unless the permit of the Board of Health has been first obtained, under such penalty as the Mayor may impose, not exceeding fifty dollars.

N. B.—All the blanks on this form must be accurately filled, with ink, signed by the undertaker, and delivered with the Physician's Certificate, at the office of the Board of Health, within twenty-four hours after THE DEATH OF THE PERSON TO WHOM IT RELATES.

PHYSICIAN'S CERTIFICATE OF DEATH.

Physicians are reminded of the importance of filling out these certificates promptly and accurately, as without them no interments can be made—and they are the basis of the MORTUARY STATISTICS OF THE CITY. Attention is called to the following extract from City Ordinances: "He, the Registrar, shall supervise all Certificates of Death. If they are made out in proper form, he shall give a permit authorizing the interment of the body, without which permit no sexton, or other person, shall inter any dead body, under the penalty (not exceeding fifty dollars,) provided in Section 49 of the Code of Ordinances. The form of certificate and nomenclature of disease to be prescribed by the Board of Health. If the certificate be in any way defective, it shall be returned to the Physician signing the same for correction; and any Physician failing or refusing to give such certificate in proper form shall be liable to the penalty provided in Section 49, Code of Ordinances."
